We here at PS 20 believe that school should be the focal point of the community. Located in the heart of historic brownstone Brooklyn, PS 20 is a school which embraces and nurtures all students who enter and prepares them to become productive, empowered members of a complex, changing world. PS20 has dedicated and experienced teachers and staff, who work hard to insure the highest quality education for their students. We are committed to our students' social, emotional and academic growth. Classrooms are vibrant and alive with student inquiry, discovery, and hands-on projects. Through our enrichment classes, academic partnerships and after-school programs, we make sure all students are well equipped for the challenges to come both in and out of the classroom.
